New Projects, New Clubs:

IMS Kicks Off 2026 with Ambition

At the conference presenting the activities of IMS Luxembourg, Nancy Thomas, Director of IMS Luxembourg, and Julien Demoulin, Vice-President, reviewed the highlights of 2025, ongoing projects and new developments for 2026, such as the launch of two new professional clubs and the resumption of two national projects: Green Business Events and EcoLabel Luxembourg. As usual, new member organisations were also officially welcomed during this session.

Prosperity Pillar: Professional Clubs Reach the Next Level

IMS is launching two new professional clubs, the first dedicated to the role of Mobility/Facility Manager, the second dedicated to Human Resources. The clubs aim to create a space for peer-to-peer discussion and encourage the sharing of concrete, operational solutions. A total of five professional clubs are available to IMS members. Starting this year, each club will be run with the support of a steering committee made up of representatives from member companies involved in the club's theme.

1. Luxembourg CEO Sustainability Club

Participation is exclusively reserved for CEOs of organisations that are members of the IMS network. The steering committee is composed of: Thierry Flies (Schroeder & Associés), Julien Demoulin (Sodexo), Marie-Hélène Massard (Foyer) and Pascale Kauffman (Apollo Strategists).

2. Sustainability Manager Club

Participation is open to individuals with a CSR/ESG role in organisations that are members of the IMS network. The steering committee is composed of Florian Czech (CFL), Stéphanie Moulin (Arendt) and Scott Tortosa (Agilité).

3. Sustainable Procurement Club

Open to individuals in purchasing roles at IMS network member organisations. The steering committee is composed of Clément Wampach (TK Elevator) and Taylan Toklu (Post).

4. Sustainable Mobility Club

Participation is open to individuals with a Mobility/Facility role in organisations that are members of the IMS network. The steering committee is composed of Christophe Pimenta (Foyer) and Gwenaëlle Bastien (PwC).

5. Sustainable HR Club

Open to individuals with a Human Resources role at organisations that are members of the IMS network. The steering committee is composed of Sandra Schengen (Spuerkeess) and Ann de Jonghe (Sodexo).

Green Business Events and EcoLabel: Projects Coordinated and Supported by IMS

Green Business Events is a project run by the Tourism Directorate-General of the Ministry of the Economy. IMS coordinates the project and provides free support to event organisers in obtaining the logo since the end of 2025. This project promotes eco-responsible business events in Luxembourg and develops sustainable event solutions in collaboration with industry stakeholders. Green Business Events is aimed at all types of events in the business events sector: conferences, congresses, conventions, exhibitions, trade shows, corporate events and incentives.

The Luxembourg EcoLabel has been awarded since 1999 by the Directorate-General for Tourism of the Ministry of the Economy. Since the end of 2025, IMS Luxembourg has been coordinating the label and providing support to tourist accommodation establishments. Hotels, campsites, holiday cottages, youth hostels and group accommodation can benefit from personalised, free support to optimise the ecological management of their establishment and adopt the right measures to reduce costs related to energy and water consumption, as well as waste production.

16 New Organisations Join the IMS Network

IMS welcomes the new organisations that have joined the IMS network. Membership offers all staff members of these organisations privileged access to IMS Luxembourg events, workshops, resources and expertise, as well as preferential rates on Sustainability Academy training courses.

/ About IMS – Inspiring More Sustainability

Luxembourg’s Leading Network for Corporate Responsibility

For the past 18 years, IMS has been the leading network of Luxembourg-based companies active in sustainable development. IMS is an independent, non-profit, and non-political organisation officially recognised as serving the public interest. Its mission is to inspire responsible strategies and practices among national economic actors. The network represents nearly 26% of Luxembourg’s total payroll.

Since 2022, IMS Luxembourg has created and managed the Sustainability Academy – the only training institute in Luxembourg dedicated entirely to sustainable development.

IMS is the national contact point for several organisations: B Corp, Business for Nature, Capitals Coalition, the European Commission – Directorate-General for Justice, Santé Mentale & Travail and the WBSCD (World Business Council for Sustainable Development) and is the local hub for The Inner Development Goals (IDG).
